

Compliant SDS for GHS: HazCom 20123 United States; SIMDUT 2015 3 Canada; NMX-R-019-SCFI-2011 / Mexico

The content of this SDS is also valid in Spanish language to cover all Central, South America (except Brazil) and the Caribbean countries.

SAFETY DATA SHEET

A-09E

Section 1 : Identification

GHS identifier : Carbide Burrs

 Product CODE
 :
 01-V Carbide Burrs (001; 002; 003; 004; 005; 006; 007; 008; 009; 010; 011; 013; 014; 015; 016; 017; 018; 020; 021; 022; 023; 024; 025; 026; 027; 028; 029; 030; 031; 032; 033; 034; 035; 036; 037; 038; 039; 040; 041; 042; 043; 044; 045; 046; 047; 048; 049; 050; 051; 052; 601; 602; 604; 605; 606; 607; 609; 610; 613; 614; 615; 626; 631; 641; 644; 646; 652)

Section 2 : Hazards Identification

| OSHA/HCS Status | : While this material is not considered hazardous by the OHSA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product. |
|-----------------------|--|
| Classification | : Not classified |
| GHS Label Element | |
| Signal Word | : No signal word |
| Hazard Statement | : No known significant effects or critical hazards |
| Precautionary Stateme | <u>nts</u> |
| General | : Read Safety Data Sheet before use. Keep out of reach of children. |
| Prevention | : Not applicable. |
| Response | : Not applicable. |
| Storage | : Not applicable. |
| Disposal | : Not applicable. |
| Hazard Not Otherwise | e Classified : None known |

Section 3: Ingredients and composition of product

Hazardous Ingredients :

| Ingredient Name | CAS Number | Concentration (%) |
|--------------------|------------|-------------------|
| Cobalt | 7440-48-4 | 3-30 |
| Tungsten Carbide | 12070-12-1 | >50 |
| Chromium Carbide | 12012-35-0 | 0-6 |
| Molybdenum Carbide | 12069-89-5 | 0-6 |

Any concentration shown as a range is to protect confidentiality or is due to a batch variation.

All Walter Surface Technologies' carbides burrs are manufactured articles. The greatest part of the projected dust during the work comes from the work piece and not from the brush.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

Section 4: First Aid Measures

Description of necessary first aid measures

Inhalation : Move victim to fresh air. If the victim still feels unwell, consult a physician.

- **Skin Contact** : Wash gently and thoroughly with lukewarm, flowing water and non-abrasive soap for 5 minutes. If signs/symptoms develop, consult a physician.
- **Eyes Contact** : Flush the contaminated eye(s) with large amounts of clean water for 5 minutes while holding the eyelid(s) open. Do not remove embedded objects. Continue rinsing. Consult physician if necessary.
- **Ingestion** : Dilate with water. Consult physician if necessary.
- Others : Treat scrapes or cuts by cleaning wound. Apply sterile dressing.

Most important symptoms and effects, both acute and delayed

Potential acute health effects

| Inhalation | : No known significant effects or critical hazards |
|---------------------|--|
| Skin Contact | : No known significant effects or critical hazards |
| Eyes Contact | : No known significant effects or critical hazards |
| Ingestion | : No known significant effects or critical hazards |
| Over-exposure signs | /symptoms |
| Inhalation | : No known significant effects or critical hazards |
| Skin Contact | : No known significant effects or critical hazards |
| Eves Contact | : No known significant effects or critical hazards |

Ingestion : No known significant effects or critical hazards

Indication of any immediate medical attention and special treatment needed

None

See toxicological information (Section 11)

Section 5: Fire-Fighting Measures

Extinguish Media

Suitable extinguish Media : Water, sodium, chloride, soda ash

Unsuitable extinguish Media : None Known

Hazardous thermal decomposition products:

During combustion, toxic fumes may occur, use protective equipment. Decomposition products may include the following material:

Substance: Carbon monoxide and Carbon Dioxide

Special protective actions for fire-fighter:

No special measures are required.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel : Not applicable

For emergency responders : Not applicable

Environmental precautions : Not applicable

Methods and materials for containment and cleaning up

Not applicable

Section 7: Handling and Storage

Precautions for safe handling : Follow safety standards for grinding (ANSI B11.09-2010)

Precautions for safe storage : There is no special storage requirement

Section 8: Exposure Control & Personal Protection

Control parameters

Occupational exposure limit

The following table presents the limit for air contaminant from OSHA 1910-Z-1 Table.

:

| Ingredient name | Limit value (mg/m ³) |
|--------------------|----------------------------------|
| Cobalt | 0.1 |
| Tungstene Carbide | Not available |
| Chromium Carbide | Not available |
| Molybdenum Carbide | Not available |

When used in conformity with the industry standards, the cobalt percentage in the air from the carbide burrs is below 0.1 mg/m³.

| Appropriate engineer control | : General ventilation is adequate to evacuate the dust form the working area. With good ventilation, the exposure of every ingredient should be below the limit. Make sure all the equipment is in good condition. |
|--------------------------------|--|
| Environment exposure control | : Not applicable |
| Individual Personal Protection | |
| Eyes Protection | : Wear protective goggles with safe shields. |
| Hand Protection | : Wear Gloves. |
| Skin Protection | : Wear long clothes. Smock is recommended. |
| Respiratory Protection | : Use of a protective half or full face mask. |
| Hearing Protection | : Ear protection is recommended. |

Section 9: Physical & Chemical Properties

| : Solid |
|------------------|
| :Dark grey metal |
| : Odorless |
| : Not available |
| : Not available |
| : 11.0 to 15.5 |
| : Not available |
| |

Section 10: Stability & Reactivity

| Reactivity | : None known |
|-----------------------------------|--------------------------|
| Chemical Stability | : This product is stable |
| Possibility to Hazardous Reaction | : None known |
| Conditions to avoid | : None know |
| Incompatible Material | : None known |

Hazardous decomposition products:

Under normal conditions of use, hazardous decomposition products should not be produced.

Section 11: Toxicology

| Acute Toxicity | 4 | | | |
|--|--|--|--|--|
| | Ingredient Name | Oral Acute Toxicity | | |

| Fertility Effects | : No known significant effects or critical hazards |

Section 12: Ecological Information

Toxicity

| Aquatic Toxicity | : No know significant effects or critical hazards. | |
|---|--|--|
| Persistence and degrad | dability: No know significant effects or critical hazards. | |
| Bioaccumulation potential: No know significant effects or critical hazards. | | |
| Mobility in soil | : No know significant effects or critical hazards. | |
| Other adverse effects | : No know significant effects or critical hazards. | |

Section 13: Disposal Considerations

Disposal methods : Dispose as per local, regional, national and international regulations.

The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Section 14: Transport Information

| Environmental Hazards | No | No | No |
| Additional Information | - | - | - |

Special precautions for user : None

Section 15: Regulatory Information

US Federal Regulations : Contact Walter Surface Technologies for more information.

Hazard Categories: Fire Hazard – No, Pressure Hazard – No, Reactivity Hazard – No, Immediate Hazard – No, Delayed Hazard – No.

State Regulations : Contact Walter Surface Technologies for more information.

Chemical Inventories : This product is defined by TSCA regulations and is exempt from TSCA Inventory listing requirements.

International Regulations : Contact Walter Surface Technologies for more information.

This SDS has been prepared to meet the U.S OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Section 16: Other Information

| <u>History</u> | |
|--------------------------|------------------------------------|
