

Compliant SDS for GHS: HazCom 20123 United States; SIMDUT 2015 3 Canada; NMX-R-019-SCFI-2011 / Mexico

The content of this SDS is also valid in Spanish language to cover all Central, South America (except Brazil) and the Caribbean countries.

# SAFETY DATA SHEET

A-03E

### Section 1 : Identification

| GHS identifier | : | Brushes for steel (Orange Hub) |
|----------------|---|--------------------------------|
|----------------|---|--------------------------------|

Product CODE : 13-D Wire Cup Brushes (300;302;304;504;324;424;524;312;314;514),

**13-F** Wire Cup Brushes (300; 301; 302; 303; 304; 354; 310; 312; 314),

13-G Wire Cup Brushes (302; 303; 304; 404; 504; 554; 604; 312; 314; 514; 574; 584),

**13-K** Wire Wheel Brushes (404; 454; 504; 604; 654; 414; 464; 514; 614),

13-L Wire Wheel Brushes (404; 454; 504; 604; 414; 464; 514; 614),

13-H Saucer Cup Brushes (454; 554; 654; 404; 504; 604; 704; 414; 514; 614; 714),

**13-C** Mounted Wire Brushes (003; 005; 008; 028; 110; 120; 123; 125; 128; 015; 018; 053; 055; 058; 160; 170; 173; 175; 178; 065; 068; 020; 130; 270; 370; 070; 180; 303; 404),

**13-B** Wire Wheel Brushes (040; 065; 060; 061; 075; 070; 085, 080; 100; 165; 160; 185; 180; 260; 280)

| SDS No          | : A-03E                            |
|-----------------|------------------------------------|
| Product type    | : Brushing product                 |
| Identified Uses | : Brushing                         |
| Manufacturer    | : Walter Surface Technologies Inc. |
|                 | 5977 Trans Canada Highway West     |
|                 | Pointe-Claire, Quebec              |

24 hours / 7 days

### Section 2 : Hazards Identification

| OSHA/HCS Status                              | : While this material is not considered hazardous by the OHSA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product. |  |
|--|--|--|
| Classification                               | : Not classified   |  |
| GHS Label Element                            |  |  |
| Signal Word                                  | : No signal word   |  |
| Hazard Statement                             | : No known significant effects or critical hazards   |  |
| Precautionary Statemen                       | <u>ts</u>  |  |
| General                                      | : Read Safety Data Sheet before use. Keep out of reach of children.  |  |
| Prevention                                   | : Not applicable.  |  |
| Response                                     | : Not applicable.  |  |
| Storage                                      | : Not applicable.  |  |
| Disposal                                     | : Not applicable.  |  |
| Hazard Not Otherwise Classified : None known |  |  |

### Section 3: Ingredients and composition of product

Hazardous Ingredients : The Walter Surface Technologies brushes don't have hazardous ingredient. In addition, the greatest part of the projected dust during the work comes from the work piece and not from the brush.

### **Section 4: First Aid Measures**

- **Skin Contact** : Wash gently and thoroughly with lukewarm, flowing water and non-abrasive soap for 5 minutes. If signs/symptoms develop, consult a physician.
- **Eyes Contact** : Flush the contaminated eye(s) with large amounts of clean water for 5 minutes while holding the eyelid(s) open. Do not remove embedded objects. Continue rinsing. Consult physician if necessary.
- Ingestion : Not applicable
- **Others** : Treat scrapes or cuts by cleaning wound. Apply sterile dressing.

### Most important symptoms and effects, both acute and delayed

### Potential acute health effects

| Inhalation                   | : No known significant effects or critical hazards             |  |
|------------------------------|--|--|
| Skin Contact                 | : No known significant effects or critical hazards             |  |
| Eyes Contact                 | : No known significant effects or critical hazards             |  |
| Ingestion                    | : No known significant effects or critical hazards             |  |
| Over-exposure signs/symptoms |  |  |
| Over-exposure signs/s        | symptoms   |  |
| Over-exposure signs/s        | symptoms<br>: No known significant effects or critical hazards |  |
|                              |  |  |

Ingestion : No known significant effects or critical hazards

Indication of any immediate medical attention and special treatment needed

None

See toxicological information in Section 11

### **Section 5: Fire-Fighting Measures**

### **Extinguish Media**

Suitable extinguish Media : Water, foam, powder, dry chemical or CO<sub>2</sub>

Unsuitable extinguish Media : None Known

Hazardous thermal decomposition products:

During combustion, toxic fumes may occur, use protective equipment. Decomposition products may include the following material:

Substance: Carbon monoxide and Carbon Dioxide

Special protective actions for fire-fighter:

No special measures are required.

### Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel : Not applicable

For emergency responders : Not applicable

Environmental precautions : Not applicable

Methods and materials for containment and cleaning up

Not applicable

### Section 7: Handling and Storage

**Precautions for safe handling** : Follow safety standards for grinding (ANSI B11.09-2010)

Precautions for safe storage : There is no special storage requirement

| Section 8: Exposure Control & Personal Protection |  |  |
|---|--|--|
| Control parameters                                |  |  |
| Occupational exposure limit                       | : Not applicable   |  |
| Appropriate engineer control                      | : General ventilation is usually adequate to evacuate the dust form the working area. With good ventilation, the exposure of every ingredient should be below the limit. Make sure all the equipment is in good condition. |  |
| Individual Personal Protection                    |  |  |
| Eyes Protection                                   | : Wear protective goggles with safe shields.   |  |
| Hand Protection                                   | : Wear Gloves.   |  |
| Skin Protection                                   | : Wear long clothes. Smock is recommended.   |  |
| <b>Respiratory Protection</b>                     | : Use a protective half or full face mask.   |  |
| Hearing Protection                                | : Ear protection is recommended.   |  |

## Section 9: Physical & Chemical Properties

### **Appearance**

| Physical state            | : Solid                                |
|---------------------------|--|
| Appearance                | :_Clear                                |
| Odour                     | : Not available                        |
| Boiling Point             | : Not available                        |
| Freezing Point            | : Not available                        |
| Specific Gravity          | : > 1g/cm <sup>3</sup> @ 20 ° C (68°F) |
| рН                        | :_Not available                        |
| Vapour Pressure           | : Not available                        |
| Evaporation               | : Not available                        |
| Flashpoint                | : Not available                        |
| Auto ignition temperature | : Not available                        |
| Sensitivity to mechanical | : Not available                        |

### Section 10: Stability & Reactivity

| Reactivity                        | : No reactive condition known |
|-----------------------------------|-------------------------------|
| Chemical Stability                | : This product is stable      |
| Possibility to Hazardous Reaction | : None known                  |
| Conditions to avoid               | : None know                   |
| Incompatible Material             | : None known                  |

### Hazardous decomposition products:

Under normal conditions of use, hazardous decomposition products should not be produced.

### **Section 11: Toxicology**

### Information on toxicological effects

| Acute Toxicity   | : Not applicable                                     |  |
|--|--|--|
| Irritation/Corrosion   | : Uncontrolled dust can affect eyes and respiration. |  |
| Sensitization  | : Not applicable                                     |  |
| Carcinogenicity  | : Not applicable                                     |  |
| Reproductive Toxicity  | : Not applicable                                     |  |
| Specific target organ toxicity - Single exposure: Not applicable   |  |  |
| Specific target organ toxicity - Repeated exposure: Not applicable |  |  |
| Aspiration Hazard  | : Not applicable                                     |  |

### Information on the likely routes of exposure:

Inhalation, Skin contact, Eyes contact, Ingestion

### **Potential acute health effects**

| Inhalation   | : No known significant effects or critical hazards |
|--------------|--|
| Skin Contact | : No known significant effects or critical hazards |
| Eyes Contact | : No known significant effects or critical hazards |
| Ingestion    | : No known significant effects or critical hazards |

| Symptoms related to the | physical, chemical and toxicolo | gical characteristics |
|-------------------------|---------------------------------|-----------------------|
| Symptoms related to the | mysical, chemical and toxicolo  | gical characteristics |

| Symptoms related to the physical, chemical and toxicological characteristics  |   |  |  |  |
|---|---|--|--|--|
| Inhalation  | : No known significant effects or critical hazards  |  |  |  |
| Skin Contact  | : No known significant effects or critical hazards  |  |  |  |
| Eyes Contact  | : No known significant effects or critical hazards  |  |  |  |
| Ingestion   | : No known significant effects or critical hazards. |  |  |  |
| Short term exposure   |   |  |  |  |
| Potential immediate effect: No known significant effects or critical hazards. |   |  |  |  |
| Potential delayed effect: No known significant effects or critical hazards    |   |  |  |  |
| Long term exposure  |   |  |  |  |
| Potential immediate effect: No known significant effects or critical hazards  |   |  |  |  |
| Potential delayed effect: No known significant effects or critical hazards    |   |  |  |  |
| Potential Chronic Health Effects  |   |  |  |  |
| General   | : No known significant effects or critical hazards  |  |  |  |
| Carcinogenicity   | : No known significant effects or critical hazards  |  |  |  |
| Mutagenicity  | : No known significant effects or critical hazards  |  |  |  |
| Teratogenicity  | : No known significant effects or critical hazards  |  |  |  |
| Developmental Effects   | : No known significant effects or critical hazards  |  |  |  |

### Section 12: Ecological Information

### **Toxicity**

Fertility Effects

| Aquatic Toxicity  | : No know significant effects or critical hazards.      |  |  |
|---|---|--|--|
| Persistence and degradability: No know significant effects or critical hazards. |   |  |  |
| <b>Bioaccumulation poter</b>  | ntial: No know significant effects or critical hazards. |  |  |
| Mobility in soil  | : No know significant effects or critical hazards.      |  |  |
| Other adverse effects   | : No know significant effects or critical hazards.      |  |  |

: No known significant effects or critical hazards

### **Section 13: Disposal Considerations**

### **Disposal methods**

s : Dispose as per local, regional, national and international regulations.

The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

### EPA Hazardous Waste Number (RCRA): Not regulated

### Section 14: Transport Information

|                         | DOT Classifiation | IMDG          | ΙΑΤΑ          |
